HAZARDOUS MATERIALS *[eff. 1/2/00]*

Hazardous or contaminant material shall mean any substance or combination of substances which, because of quantity, concentration, or physical, chemical or infectious characteristics pose a significant or potential hazard to water supplies or to human health if disposed into or on any land or water, including groundwater. Any substance deemed a "hazardous waste" under the Connecticut General Statutes or Regulations of Connecticut State Agencies shall be deemed a hazardous or contaminant material for the purposes of these Regulations. Hazardous and contaminant materials include, but are not limited to, the following:

- a) Substances which are toxic, flammable corrosive, explosive, radioactive or infectious.
- b) Substances listed in the U.S. Environmental Protection Agency's "Title III Of Lists- Chemical subject to Reporting under Title III of the Superfund Amendments and Reauthorization Act (SARA) of 1986."
- c) Acids and Alkalis outside the pH range of 2 to 10.
- d) Petroleum products, including fuels and waste oils.
- e) Synthetic organic chemicals.
- f) Any solid material which if exposed to water will leach or dissolve to form a hazardous or contaminant material as defined above.
- g) For the purposes of this regulation, pharmaceuticals, medicines and drugs are only considered "hazardous materials" when they are regulated as such by the Department of Environmental Protection (DEP). Definitions of activities, operations, uses, factors and similar terminology relating to hazardous and contaminant materials shall be as defined by the appropriate DEP literature.

TO CONTRACTORS:

CT. General Statutes (effective January 1, 2005):

§20-338b Building permit applications. Who may sign.

Any licensed contractor who seeks to obtain a permit from a building official may sign the building permit application personally or delegate the signing of the building permit application to an employee, subcontractor or other agent of the licensed contractor, provided, the licensed contractor's employee, subcontractor or other agent submits to the building official a dated letter on the licensed contractor's letterhead, signed by the licensed contractor, stating that the bearer of the letter is authorized to sign the building permit application as the agent of the licensed contractor. The letter shall not be a copy or facsimile, but shall be an original letter bearing the original signature of the licensed contractor. The letter shall also include:

1. The name of the municipality where the work is to be performed;
2. The job name or a description of the job;
3. The starting date of the job;
4. The name of the licensed contractor;
5. The name of the licensed contractor's agent; and
6. The license numbers of all contractors to be involved in the work.

ATTENTION PERMIT HOLDER

****It is the responsibility of the permit holder or agent to call for inspections (minimum 24 hours in advance). The permit holder is responsible for all construction for that project. An oversight of code requirement(s) during plan review does not relieve you of your responsibility for compliance. During inspections, you may be required to make changes to insure that the current building & fire codes are satisfied.****

- Per Chapter 127 of the Brookfield Code of Ordinances:

Building Inspections which result in a failure will incur an additional \$25.00 fee for each reinspection.

All reinspection fees shall be due and payable prior to the issuance of a Certificate of Occupancy.

- Per Chapter 242 of the Brookfield Code of Ordinances:

Site Stabilization Inspections which result in a failure will incur an additional \$25.00 fee for each reinspection.

All reinspection fees shall be due and payable prior to bond release.

I acknowledge that per the Brookfield Code of Ordinances, I will be responsible for reinspection fees as outlined above. I also understand that it is my responsibility to call for inspections of the project.
