The Commission may charge additional fees at any time during the review process, to retain outside consultants to review applications for regulated activities, and to monitor construction to insure compliance with approved plans. Said fees shall be determined by the Commission and/or the Wetland Enforcement Officer from written estimates prepared by the consultants on the basis of the anticipated cost of the review. The additional fees shall pertain to projects whose size, complexity and/or potential impact requires specialized assistance and expertise. The Commission may require that the applicant deposit an amount equal to 150% of the estimated consultant fees. The applicant shall be reimbursed for any unused funds.
