DISCIPLINE/TRADE: Site Work

DWG./SPEC. REFERENCE: A-11, A-13 - Concrete Curb

QUESTION: The concrete curb on the north side of pavement in Alt R-1 includes a note - "Slope exposed end of curb down to the finished surface" - refer to detail 12/A-13. There is also

FIELD CONDITION a note "detail 14/A-13" which shows the guardrail

DRAWING/SPEC relative to the pavement.

DISCREPANCY

OWNER CHANGE Question - does the concrete curb extend

CLARIFICATION as a depressed curb is the curb omitted

CONTRACTOR'S SUGGESTION (IF APPLICABLE): in the area of the guardrail?

ANSWER: _____

The intent is for the concrete curb to be omitted at the Guardrail, as indicated, along the WEST portion where the traffic circle /buss drop-off is.

The curb is resumed to the EAST side, along with the Guardrail, where the roadway continues around to the rear of the school.

SUBJECT: Whisconier Middle School

DISCIPLINE/TRADE: Site Work

DWG./SPEC. REFERENCE: A-11, Alternates R-4 and R-5

QUESTION: The concrete sidewalk and curb shown in the partial (#2) site plan appears to be located in the same area as the widened b.t. concrete pavement as shown in (#1) partial site plan

FIELD CONDITION

DRAWING/SPEC We need a typical detail showing the

DISCREPANCY pavement, the sidewalk and the guardrail.

OWNER CHANGE It appears that there is not enough room

CLARIFICATION for all items without filling in the existing

CONTRACTOR'S SUGGESTION (IF APPLICABLE): slope 2:1 !!

See attached drawings

ANSWER: _____

The intent is for the GUARDRAIL to be in the same location - the paving would either be extended over towards the guardrail as per Dtl 14/A13 OR the Alternate for a curb/sidewalk would be installed.

Either way they the installation would occur with-in the existing guardrail location and the slope should not be an issue.
