## **SAFETY TIPS FOR HALLOWEEN**

**Halloween is just days away and your children and every other child loves to Trick or Treat! Please read over these safety tips with your children to make this special day a precious Halloween and to help keep your children safe.**

- 1) On Wednesday, October 31, 2018, bring your children to Brookfield Town Hall between 2:00 pm and 3:00 pm to show off their costumes and collect their goodies. Don't forget to say "Trick or Treat"!**
- 2) On Halloween Eve, the Brookfield Fire House on Pocono Road is hosting Halloween for your children with treats and other programs.**
- 3) While walking near homes and streets, always have flashlights with you, which will allow you to be easier seen by passing traffic. Always keep your children in sight and teach them to *never, never* cross the road without first stopping and looking both ways.**
- 4) Older children or young teens, make certain your parents know where you are going to be and who you are going to be with! *Vandalism is never cool! Throwing eggs at cars or houses is not cool either!* If caught you may be arrested for any damage to property of others!**

**Enjoy good, clean fun on Halloween, but keep it safe!
