Hello BOF,

Could you please provide for me the % increases that we/town will be voting for/against in the Referendum vote on May 18th.

Please provide separately:

School increase by % over last year?

Town increase by % over last year?

Should these 2 budgets pass what will the new mill rate be?

Should the mill rate increase by what % will it be more or less than last year?

Thank you
Rose DeMarco
